

## Host City | Seoul

We are proud to invite you to Seoul, the capital city of South Korea with about 2,000 years of history. Once the capital of the Joseon dynasty (1392-1910), it has since expanded and changed greatly with the modern development of the country. Home to K-Pop, great food, and several UNESCO World Heritage Sites, you will be able to experience both the old and the new in this iconic city. Seoul is also well known for its highly efficient public transportation which greatly enhances the accessibility of the city's many attractions. With its extensive subway system, taxis, and many buses that run in between, you can reach the conference venue from virtually anywhere in the city.
